TMVAing

TMVaing

Finalized TMVa part for $B \rightarrow K^* \mu \mu$.

Fit to $K^* J/\psi$ mass

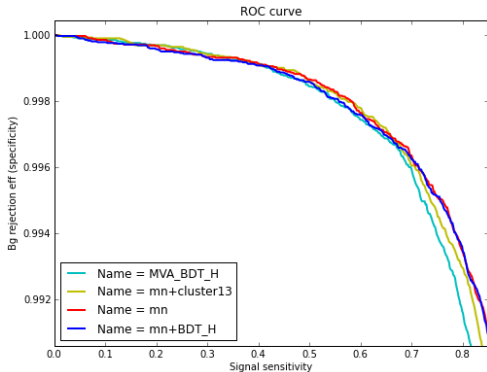

Ide spac. Dokoncz tau23mu jutro

- After my optimisation we gain(working point):
- signal: 2437 \rightarrow 2598
- background 1569 \rightarrow 1635
- With old working point:
- Signal: 2359 \rightarrow 2521
- background 1569 \rightarrow 1549
- In any case I win :)

TMVaing

MatrixNet is getting more or less the same:
